HEADQUARTERS UNITED STATES AIR FORCE
WASHINGTON 25, D.C.

REPLY TO
ATTN OF: AFCIN-1B2

SUBJECT: Duplicate Film

SEP 13 1960

TO: COLONEL STANLEY W. BEERLI

1. Reference is made to 70 mm film which Eastman Kodak Company is processing and duplicating in direct support of special projects.
2. Current planning reflects priorities of duplication required to meet the needs of the user agencies. However, the degradation which has occurred in the duplicate film delivered to the Air Force is excessive. This factor has imposed very serious limitations on the exploitation of the film. It is believed lesser generations of duplicate film would alleviate this condition.
3. It is requested that the Air Force be provided, on a timely basis, three each second generation duplicate positives of the complete take. It is suggested that this request should not create a revision to the prescribed priority production schedule, but to be produced immediately thereafter.
